Ryan - Mike Corbett has left messages and e-mails to get a list of States that Vectobac G is registered in. He has yet to get a response from anyone.
We need this to update the product in our system so we get this on order. We can't order the product until this is done.

Just as a reminder we had a discussion about the Teknar and since Valent didn't know when the Teknar would be ready we could purchase the Vectobac in the meantime.

Can you help us with this?

Thank You
