The efficacy and toxicity profile of Zenivex® products,
in a water-dilutable formulation.

Achieve effective control of adult mosquitoes, non-biting midges and nuisance flies. Apply in or near residential, industrial, commercial over agricultural crops, pastures, rangeland and other areas where these pests are a problem. Mixing and equipment cleanup is made easy with this new, water-dilutable Zenivex® formulation.

- Water-dilutable formulation
- EPA reduced-risk classification
- Approval for wide range of application sites including over agricultural crops, pastures and rangeland
- Requires no synergist (PBO)
- Mixed/agitated solution stays without settling or stratifying
- No crop set-backs
- Can be used diluted or undiluted
