

THE LATEST ADDITION TO THE PRECOR® FLEA CONTROL LINEUP: PRECOR® 2625

Zoëcon's spray is versatile with up to 2625 square feet of coverage, a 360-degree valve allowing for upright and inverted broadcast, crack-and-crevice, void, spot and surface applications in, on and around buildings, outdoors and on modes of transport.

Our unique combination of adulticides, including Etofenprox, is formulated to kill mature fleas and other listed pests. Precor® Insect Growth Regulator controls pre-adult fleas (95% of the typical infestation) for up to seven months. Precor® 2625 can be reapplied in 14 days if needed.

Pest Management Professionals will benefit from Precor® 2625 product's broad-spectrum knockdown and killing power on fleas, spiders, bed bugs, cockroaches, ants*, wasps, yellow jackets, and many other listed pests.

*Except Pharaoh and Harvester Ants
