

FLEA IN
TERROR...

THE PRECOR PROTOCOL ENDS INFESTATIONS

The pros that stand behind the pros are proud to introduce Precor[®] 2625, a **combination of an IGR and a broad-spectrum insecticide** in one aerosol that stops adult and pre-adult fleas (95% of flea populations) before they can infest. **Backed by exceptional Zoëcon service**, Precor[®] 2625, along with the entire family of Precor[®] products, helps PMPs build fierce protocols that will keep homes flea free.
