

UNIVAR PRESENTS:  
BOBBY CORRIGAN PH.D.  
URBAN RODENTOLOGIST  
RODENT ACADEMY

**Rodent Academy workshop will present on the following information:**

1. How to conduct Sherlock Holmes-style inspections for identifying/profiling rodent infestations quickly, even for the worst callbacks
2. Update the Arizona PMPs on the recent research breakthroughs in rodent control science and how to put the research to work.
3. Tips on getting the most out of rodent baits, glue traps, snap traps and bait stations.

**From this rodent workshop, Arizona pest professionals will be able to:**

1. Have a better understanding as to the importance of the inspection being the most important aspect of rodent IPM programs;
2. Better understand how rodent research can make for more professional rodent control services;
3. Better utilize their non-chemical and chemical tools used in everyday service work; by doing so reducing their profit-eating rodent callbacks.

**COST:** \$55/PERSON

**DATE:** 04/29/2015

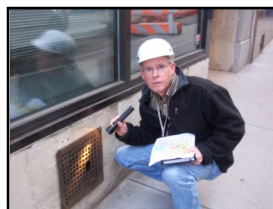

**TIME:** 8:00 - 11:00

Space is limited. Reserve your spot today.

Phone: 602-233-2440

Fax: 602-272-0960
