Training will include very limited talks and an emphasis on hands on training and evaluation.

Seminar will include:

- ⇒ - Eliminating false positives
- ⇒ Training techniques
- ⇒ Goal oriented training
- ⇒ Hands on training
- ⇒ Time with other professionals
- ⇒ Distraction training and more.....

The seminar is limited to 40 teams, so don't delay and register today.

Agenda will be forthcoming as the seminar approaches.

Things you'll need to bring:

- Crates for your dogs
- Leashes, treat pouches, other essential tools
- LOG BOOK (you'll be required to show your logs for the training course certificate)
- Insects related to your specific discipline.
- Any training equipment you may find useful to yourself and others.
- Poop bags, cleaning material for mistakes.

Email your questions to Cathy Kirbach– ctkirbach@comcast.net

The International Association of Canine Pest Inspectors are committed to:

- ⇒ The highest standards and state of the art certification and recertification evaluation process in the industry.
- ⇒ Providing continuing education to it's members and help provide education to the public
- ⇒ Improving the K-9 pest inspection industry by raising the bar for it's member teams.
- ⇒ Members are strongly encouraged to help fellow members look and act PROFESSIONAL.
- ⇒ Offering the industry a choice when it comes to a legitimate certifying body.
