

**Univar Presents
April Awareness
Includes 6 CEU hours**

**DATE: Wednesday April 29th 2015
COST: \$90 includes free lunch**

**TIME: 9:00 AM - 5:00 PM
(registration begins at 8:00)**

- **8:00 - 9:00 - Registration**
- **9:00 - 10:00 - Peter Warren - University of Arizona Urban Horticulture Agent - Latest Research and Factors Affecting Pollinator Health**
- **10:00 - 10:15 - Break**
- **10:15 - 11:15 - Dr. Freder Medina - BASF - Bed Bug Update**
- **11:15 - 11:30 - Break**
- **11:30 - 12:30 - Dr. Freder Medina - BASF - Cockroach Control**
- **12:30 - 2:00 - Lunch**
- **2:00 - 5:00 - Dr. Bobby Corrigan - Urban Rodentologist, Rodent Academy**

Dr. Corrigan will present on the following information:

1. How to conduct Sherlock Holmes-style inspections for identifying/profiling rodent infestations quickly, even for the worst callbacks
2. Update the Arizona PMPs on the recent research breakthroughs in rodent control science and how to put the research to work.
3. Tips on getting the most out of rodent baits, glue traps, snap traps and bait stations.

Arizona pest professionals will be able to:

1. Have a better understanding that the inspection is the most important aspect of rodent IPM programs.
2. Have a better understanding on how rodent research can help make rodent control services more professional.
3. Better utilize their non-chemical and chemical tools used in everyday service reducing their profit-eating rodent callbacks.
