“ I have used the **Snake Scram Pro** around my chicken coops and it has worked great. We were actually getting up to 2 to 3 snakes a week up to the time I used this product. We have several jobs pending now for the Snake Scram Pro. ”

Alan Robinson, General Svc Mgr, Capelouto Termite & Pest Control

“ I have had great success with the **Armadillo Scram** repellent programs. Until now, we have had no other choice than to shoot or trap them. Not only does it stop them immediately from destroying the property, but keeps them from returning. ”

Travis Johnson, Sales Manager, EJP Inc. Texas
