Essentria® G

Granular Insecticide

TREATMENT OPTIONS

- Perimeter and barrier treatments

ACTIVE INGREDIENTS

- Eugenol (Clove Oil) 2.90%
- Thyme Oil 0.60%

ABOUT THE ACTIVE INGREDIENTS

Essentria® G Granular Insecticide leverages centuries-old knowledge about the inherent repellent and deadly qualities within plants that can be used to control insects. Essentria® G Granular Insecticide is formulated with clove and thyme essential oils which both possess natural insecticidal properties.
