To see MSDS and specimen labels and the entire line of Zoëcon professional products visit [zoecon.com](http://zoecon.com). For further information call 800.248.7763.

HIGHLY EFFECTIVE ON BED BUGS AND HAS BROAD-SPECTRUM CONTROL OF OTHER INSECTS

# INTRODUCING ZENPROX® AEROSOL

Zoëcon is proud to present the most recent addition to our growing line of contact kill products. Zenprox® Aerosol kills a broad spectrum of insects with four active ingredients in a versatile formulation that is effective both indoors and out. The specially designed can features an actuator that sprays upside down and an extension tube to help treat hard-to-reach areas where insects like to hide.

## THE FEATURES:

- Quick killing action
- Broad-spectrum control
- Kills bed bugs
- Versatile formulation
- Indoor and outdoor use
- 360° valve
- Ergonomic actuator

## BENEFITS:

- Streamline protocols with one product for multiple insects including ants, cockroaches and bed bugs.
- Packaging is engineered to deliver Zenprox® Aerosol to cracks, crevices and tight harborage areas.
- Four active ingredients, including Etofenprox, help alleviate resistance issues, reduce retreats and avoid the associated costs.

## USAGE:

- Labeled for commercial and residential accounts in non-food handling areas
- Indoor/outdoor spot or crack and crevice treatment
- Perimeter and surface treatments of up to 3 ft on the foundations of buildings
