

STOP Cats!

A Green Solution to Prevent Cat Intrusion

EPIC offers professionals protection for gardens and landscaping from unwanted domestic and feral cats.

Long lasting, High
Performance Formula

8 lb. (3.63 kg) • ITEM# 5508

How can we help?

EPIC now offers granular professional grade cat repellent. This new product was specially formulated **and tested** to naturally train cats to avoid treated areas and is both easily applied and long lasting.

How does it work? Cat Repellent Professional™ provides strong repelling power without harming pets, people or the environment. Use in landscaping, gardens and outdoor potted plants to keep cats away. EPIC's **Cat Repellent Professional™** offers key features:

- Professional grade high performance product proven to work.
- Easy to use — just apply; no spraying, no mixing.
- Granular formula doesn't wash off. Lasts for a full 14 day cycle.

What you should know... Pet cats, both owners & others in the neighborhood, often create outdoor litter box areas in flower beds, shrubs and planting areas making gardens bad smelling and unsanitary for children and other pets. Feral cats, born from strays, frequently establish lounging and litter box areas within suburban and other settled areas. These cats live in the wild and are uncared for. Many carry illnesses, mange and parasites and can transmit them to treasured pets. EPIC's Cat Repellent Professional will eliminate unwanted visitors and unpleasant odors.
