

## Desert Southwest Portfolio

Grow your best turf in 2021!

Bayer offers a complete fungicide portfolio to address the most difficult diseases in cool- and warm-season turf in the Desert Southwest. Most products feature Stressgard® technology, which recent research shows it increases chlorophyll content resulting in improved photosynthesis and turf performance throughout the year on both cool- and warm-season turf. This is critical for the tough conditions in the Southwest.

### Tartan® Stressgard

- Triadimefon (DMI) + Trifloxystrobin (QoI)
- Perfect for spring fairy ring applications
- Fairy ring application also controls summer patch
- Controls gray leaf spot, brown patch, snow molds, and many other foliar diseases
- Highly effective on take-all root rot in bermudagrass and Seashore Paspalum

#### Tartan Stressgard

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1-5	\$850.00	\$850.00	\$40.00
6+	\$850.00	\$775.00	\$40.00
Get an additional \$115/jug rebate when purchased with 16 jugs (48 lbs) of Prostar			

### Mirage® Stressgard

- Tebuconazole (DMI)
- Highly effective for spring applications targeting fairy ring, summer patch, brown ring patch, and anthracnose
- Controls gray leaf spot, brown patch, snow molds and many other foliar diseases
- Highly effective on take-all root rot, large patch, and mini ring in warm-season turf

#### Mirage Stressgard

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1	\$467.50	\$467.50	\$5
2+	\$467.50	\$410.00	\$5

### Interface® Stressgard

- Iprodione (dicarboximide) + Trifloxystrobin (QoI)
- Critical in rotational fungicide programs as the only dicarboximide on the market
- Industry leading control of Microdochium patch and pink snow mold
- Excellent for foliar diseases including dollar spot, brown patch, leaf spots, etc.

#### Interface Stressgard

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1	\$472.50	\$472.50	-
2-5	\$472.50	\$472.50	\$25.00
6+	\$472.50	\$415.00	\$25.00

### Prostar®

- Flutolanil (SDHI)
- The standard for rescue control of fairy ring
- Excellent for preventative control of fairy ring, brown ring patch, and others
- Provides control of mini ring in bermudagrass greens

#### Prostar

# of 3 lb jugs	In-season price	Fall solutions price	Select rebate per
1 +	Non-agency	Non-agency	\$15.00
Get an additional \$32.50/jug rebate when purchased with (2) 2.5 gal jugs of Tartan			

**Additional discounts up to 6% depending on amount of overall purchase plus another 1% if ordered in October!**

### Exteris® Stressgard

- Fluopyram (SDHI) + Trifloxystrobin (QoI)
- Provides quick knockdown of foliar disease with Leaf Cote technology
- Controls dollar spot, leaf spots including gray leaf spot, brown patch, and many other foliar diseases

### Exteris Stressgard

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1-16	\$281.25	\$281.25	-
16+	\$281.25	\$281.25	\$40.00

### Signature™ Xtra Stressgard Chipco® Signature™

- Fosetyl-Al (phosphonate)
- Cornerstone for greens plant health program
- Different active ingredient than other phosphonates like Appear® II, etc. providing optimum plant health attributes
- Controls foliar and root Pythium, plus anthracnose when combined with Daconil®

### Signature™ Xtra Stressgard

# of 5.5 lb jugs	In-season price	Fall solutions price	Select rebate per
1-3	\$175.00	\$175.00	-
4-23	\$175.00	\$175.00	\$5.00
24+	\$750.00	\$160.00	\$5.00

### Chipco Signature

# of 44 lb case	In-season price	Fall solutions price	Select rebate per
1-2	\$1295.00	\$1295.00	-
3+	\$1295.00	\$1216.00	-

### Banol®

- Propamocarb
- Controls foliar Pythium, Pythium root rot, and Pythium root disfunction during tough pythium conditions
- Combined with Mirage and Indemnify in one or two applications in the spring provides root protection for almost all root pathogens

### Banol

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1-3	\$982.50	\$982.50	-
4+	\$982.50	\$982.50	\$64.00-

### Fiata® Stressgard

- Phosphonate
- Provides Pythium control during low pressure weather
- Safens growth regulators when included in the tank-mix
- Provides the plant health benefits of Stressgard when included in tank mixes with non-Stressgard products

### Fiata Stressgard

# of 2.5 gal jugs	In-season price	Fall solutions price	Select rebate per
1-7	\$140.00	\$140.00	-
8+	\$140.00	\$140.00	\$10.00
