United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture
OSHA HCS 2012
  - Acute Toxicity Inhalation 4
  - Aspiration 1
  - Flammable Liquids 4
  - Skin Irritation 2
  - Specific Target Organ Toxicity Single Exposure 3: Narcotic Effects
  - Eye Irritation 2A

Label elements
OSHA HCS 2012
  DANGER
**Hazard statements**
- Causes skin irritation
- Combustible liquid
- Harmful if inhaled
- May be fatal if swallowed and enters airways
- May cause drowsiness or dizziness
- Causes serious eye irritation

**Precautionary statements**

**Prevention**
- Keep away from heat, sparks, open flames and/or hot surfaces. - No smoking.
- Use only outdoors or in a well-ventilated area.
- Wash thoroughly after handling.
- Wear protective gloves/protective clothing/eye protection/face protection.
- Avoid breathing dust, fume, gas, mist, vapors and/or spray.

**Response**
- Call a POISON CENTER or doctor/physician if you feel unwell.
- Do NOT induce vomiting.
- If eye irritation persists: Get medical advice/attention.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If skin irritation occurs: Get medical advice/attention.
- IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
- Specific treatment, see supplemental first aid information.
- Take off contaminated clothing and wash before reuse.
- IF ON SKIN: Wash with plenty of soap and water.
- IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor if you feel unwell.

**Storage/Disposal**
- Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
- Store in a well-ventilated place. Keep container tightly closed.
- Store locked up.
- Keep cool.

**Other hazards**

### Section 3 - Composition/Information on Ingredients

#### Substances
- Material does not meet the criteria of a substance.

#### Mixtures

Section 4: First-Aid Measures

Description of first aid measures

Inhalation
- IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. Call a poison control center or doctor if you feel unwell.

Skin
- IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

Eye
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion
- IF SWALLOWED: Immediately call a poison control center or doctor. Aspiration hazard - if swallowed, do NOT induce vomiting.

Most important symptoms and effects, both acute and delayed
- Refer to Section 11 - Toxicological Information. Aspiration hazard; inhalation hazard; skin irritation; eye irritation; narcotic effects.

Indication of any immediate medical attention and special treatment needed

Notes to Physician
- Treat symptomatically and supportively. May present an aspiration hazard.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media
- LARGE FIRE: Water spray, fog or regular foam.
- SMALL FIRES: Dry chemical, CO2, water spray or regular foam.

Unsuitable Extinguishing Media
- Avoid heavy hose streams.
- May ignite combustibles (wood, paper, oil, clothing, etc.)

Firefighting Procedures
- Do not allow fire fighting water to escape into waterways or sewers.
- Ventilate closed spaces before entering.
- Eliminate ignition sources.

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards
- Combustible liquid.
- May be ignited by heat, sparks or flames.

Hazardous Combustion Products
- Carbon dioxide and possibly carbon monoxide.

Advice for firefighters
- Wear positive pressure self-contained breathing apparatus (SCBA).
- Fire fighting water contaminated with this material must be contained and prevented from being discharged into any waterway, sewer or drain.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions
- Avoid contact with skin, eyes, and clothing. Ensure adequate ventilation to remove vapors, fumes, dust etc. Use appropriate Personal Protective Equipment (PPE)

Emergency Procedures

Environmental precautions
- Contain and prevent from release into any waterway, sewer or drain.

Methods and material for containment and cleaning up
Containment/Clean-up Measures

- Keep away from fire, sparks and heated surfaces. Cover liquid spill with sand, earth or other non-combustible absorbent material. Do not flush to sewer or allow to enter waterways.

Section 7 - Handling and Storage

Precautions for safe handling

Handling

- Use good safety and industrial hygiene practices. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Keep away from fire.
- No Smoking. Avoid breathing fumes. Avoid contact with skin or eyes. Avoid release to the environment. Keep out of the reach of children. Wear appropriate personal protective equipment, avoid direct contact.

 Conditions for safe storage, including any incompatibilities

Storage

 Incompatible Materials or Ignition Sources

Section 8 - Exposure Controls/Personal Protection

Control parameters

Exposure Limits/Guidelines

- No data available.

<table>

</tbody>
</table>

Exposure controls

Engineering Measures/Controls

- Use adequate ventilation to remove vapors (fumes, dust etc)

Personal Protective Equipment

Pictograms

Respiratory

- No data available.

Eye/Face

- Wear chemical splash safety goggles.

Hands

- Wear appropriate gloves.

Skin/Body

- If prolonged exposure is anticipated, it is recommended for handlers to wear appropriate clothing to prevent skin contact.

Environmental Exposure Controls

- Refer to Section 13 - Disposal Considerations.

Section 9 - Physical and Chemical Properties

### Section 10: Stability and Reactivity

#### Reactivity
- Non-reactive

#### Chemical stability
- Stable

#### Possibility of hazardous reactions
- Hazardous polymerization will not occur.

#### Conditions to avoid
- Keep away from fire. Excessive heat >110°F Strong oxidizers.

#### Incompatible materials
- Store away from oxidizers.

#### Hazardous decomposition products
- Carbon dioxide and possibly carbon monoxide.

### Section 11 - Toxicological Information

#### Information on toxicological effects

### Potential Health Effects

#### Inhalation

- **Acute (Immediate)**  
  May be harmful if inhaled. May cause drowsiness and dizziness.
- **Chronic (Delayed)**  
  No data available.

#### Skin

- **Acute (Immediate)**  
  Causes skin irritation.
- **Chronic (Delayed)**  
  No data available.

#### Eye

- **Acute (Immediate)**  
  May cause mild irritation.
- **Chronic (Delayed)**  
  No data available.

#### Ingestion

- **Acute (Immediate)**  
  Aspiration Hazard. May be harmful if swallowed.
- **Chronic (Delayed)**  
  No data available.

Special precautions for user
- None specified.
- No data available

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
- IMO/IMDG: Limited quantity 5L, excepted quantity 30mL
- IATA/ICAO: Limited quantity 5L, excepted quantity 30mL

N/A = Not applicable

Section 15 - Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture
- Acute

SARA Hazard Classifications
- Acute

FIFRA – Pesticide Labeling
This material is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

CAUTION

Precautionary Statements
- KEEP OUT OF THE REACH OF CHILDREN.
- CAUTION: Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.
- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. If on skin: Take off...
contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-248-7763 for emergency medical treatment information. NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.
