THE ALL-NATURAL, ULTIMATE BEDBUG SOLUTION

✓ 100% EFFECTIVE

✓ NO CHEMICALS

✓ PATENTED DRY
STEAM UP TO 356°F

✓ NO DAMAGE TO
SURFACES

POLTI[®]
NATURAL HOME FEELING

POLTI CIMEX ERADICATOR+

A DIFFERENT TYPE OF STEAM

The steam generated by the **Polti Cimex Eradicator** is different from the steam of any other bed bug steamer because it is **compressed and re-heated** before it leaves the tip of the nozzle.

Thanks to its **patented technology**, the Polti Cimex Eradicator boasts a high tip-temperature of up to **356°F**. Moreover, the steam produced is superheated dry steam: standard steamers release more than 2 times the amount of water per minute compared to the Polti Cimex Eradicator

The **superheated dry steam** generated by the **patented hi-tech nozzle** makes the Polti Cimex Eradicator the best and most effective bed bug steamer on the market.

POLTI CIMEX ERADICATOR+

CLINICAL STUDIES

In laboratory tests, a variety of different materials (wood, fabrics, metal, etc.) were used to artificially reproduce some of the most common places where bedbugs nest. In each of these simulations the experimenters nested adult insects and nymphs or pregnant females (tests conducted on eggs) in the materials. A single treatment

with Polti's superheated dry steam was enough to eliminate 100% the eggs present and a over 90% of the adult insects and nymph stages.

FIELD TESTS

In field tests, a series of real-life infestations were selected, analyzed and treated with Polti's superheated dry steam. The results obtained in the experiments were impressive: the superheated dry steam of the Polti Cimex Eradicator completely eliminated the infestation after two applications.

POLTI CIME X ERADICATOR

TECHNICAL FEATURES

- Safety Cap
- Stainless steel 18/10 boiler
- Continuous steam regulation from 0 to 3.9 oz/min
- Steam pressure: up to 58 psig
- Audio alert when water runs out
- “Steam ready” and “Out of water” light
- Manometer
- Worldwide-patented steam nozzle
- Connection for HPMed detergent bottle
- Integrated spacer/stand
- Ergonomic handle with soft-touch insert
- Steam release button with safety lock device (patent)
- Use capacity: 67 fl/oz
- Power: 1500W
- Weight: 12.12 lbs
- Dimensions (wheels included): Ø 12.6 x 13.4 in

ACCESSORIES

- 2 bottles of 1.7 fl/oz of HPMed detergent + 4 wicks
- Straight and curved extension accessories
- Protective gloves
- DVD + Quick guide for disinfestation
- Cleaning brush and filler funnel
- 2 vials of Kalstop
- Set of 4 wheels
