

Product Specification Data Sheet: Power Pack V Li⁺ with SPT™

Housing

Material: High Strength ABS
Color: Gray
Over-mold: Chemical Resistant EPDM
Connection to Tank: Easy-Twist Quick-Connect™
Seal: Rubber Over-mold - IP-54 Dust/Splash-Proof

Micro-Compressor

Type: Reciprocating Piston
Motor: Brush DC
Max Flow: 4.0 L/min
Max Pressure: 21 psi (150 Kpa)

Smart Pressure Technology™

Controller Type: Mechanical
User Adjustable: No
Factory Setting: 14.5 psi ± 5%
Hysteresis: ~ 1.5 - 2 psi (not adjustable)

Battery Technology

Type: Rechargeable Li Ion - 2200 mA-hr.
Recharge Time: 3 hrs with 115 VAC wall charger
Recharge Method: Wall unit rated at 8.4 VDC, 300 ma
Charging Indicator: LED, Red: Charging / Green: Charged
Capacity Indicator: No
Application Time: 6 - 8 hrs⁽¹⁾

Notes:

1) Application time assumes a 50% duty cycle and is dependent on the wand and tip configuration.
