AQUA POWER™

Liquid Fish Fertilizer

AQUA POWER 5-1-1 is a liquid plant nutrient product derived from marine fish species. It is an enzymatically digested product.

AQUA POWER 5-1-1 provides readily available amounts of organic nitrogen, phosphorus and potassium to growing plants. A typical analysis of **AQUA POWER 5-1-1** contains 20 different amino acids, 13 vitamins, and 8 minerals including manganese, iron, copper, and zinc in trace amounts. The nutrients in **AQUA POWER 5-1-1** are even available when applied as a foliar spray.

The proteins in **AQUA POWER 5-1-1** are broken down into readily usable peptides for plants and beneficial soil microbes.

AQUA POWER 5-1-1 can be used as a side-dress or water-run application.

AQUA POWER 5-1-1 is listed on the USDA BioPreferred fertilizers list.

Advantages of Using Aqua Power

- Easy application
- No “fishy” smell after application
- Non-leaching formula
- Slow release nitrogen
- Feeds your soil, plants and beneficial soil microbes
- Boosts early growth spurts
- Contains many essential elements including calcium, iron and magnesium
- Contains many vitamins to promote health and growth
- Very low in salts

GUARANTEED ANALYSIS:

Total Nitrogen (N) 5.0%

1% Ammoniacal Nitrogen

4% Water Soluble Nitrogen

Available Phosphate (P_2O_5) 1.0%

Soluble Potash (K_2O) 1.0%

Derived from fish

DIRECTIONS FOR USE:

AQUA POWER 5-1-1 will pass through an 80 mesh screen. Do not apply at time of bloom.

RECOMMENDED USE:

Vegetable and Root Crop:

Apply 1-3 gallons per acre at 2 week intervals after thinning or when plants are well established.

Commercial Greenhouses and Nurseries:

Inject into irrigation water after filter at a ratio of at least 1:10,000.

Citrus:

Apply 3-5 gallons per acre at bud stage, prior to bloom. When new growth appears repeat the application 2 times at 2-4 weeks intervals.

AQUA POWER 5-1-1 is recommended for use on all crops including: almond, apple, apricot, avocado, beans, carrot, cherry, citrus, corn, grape, peach, pear, pecan, pepper, plum, potato, prune, soybean, strawberry, sunflower, tomato, and walnut.

OTHER AVAILABLE PRODUCTS

- **PEST OUT** - Natural Insecticide
- **MYCORMAX** - Biological Soil Inoculant
- **BIOMINS** - Chelated Micronutrients
- **PENEX** - Soil Conditioner
- **MIXWELL** - Water & Soil Conditioner
- **NO MOSS** - Natural Mossicide
- **WEED ZAP** - Organic Herbicide
