

THE
BOSS

NPD
POWERED

PDS-2.5G 10L OR PDS-4G 15L

The Boss PDS Systems are Interior and Exterior Applicators capable of Liquid, Misting and Foaming c/w Removable Telescoping Extension Wand, 3 Output Tips, 18 Volt Battery and Charger.

With capabilities of Liquid and Foam treatments, this sprayer will transform what equipment you decide to install into your service truck. From outside perimeter to interior misting and spot spraying your weeds using Foam: The Boss will become your go to piece of equipment.

The PDS-4G 4 Gallon/15 Liter is being use with 2 x 50 feet of hose extensions. Companies are starting to use this combination instead of buying Truck Mounted Sprayers. The cost saving is enormous and the portability has many advantages.

The Boss has been designed by the Professionals that use them.

- Slim Line Design - Fits tight to your back and weighs just 28.5 Lbs when full.(PDS-2.5G)
- Battery storage - Hidden away from the day to day Sun and Rain exposure
- Uses 11/16 Inch standard tip thread size in the industry
- Interior and Exterior flow settings
- 2 in 1 Spray Wand –Telescoping or Solid
- Extension Hoses from: 12, 25, and 50 feet. Ideal for any interior and exterior treatment
- Heavy Duty hydraulic quick disconnectors for wand and extension hoses
- Tank Lid handle makes it as easy to carrying as your standard hand pump sprayer. With one big bonus, no hand pumping
- Foaming ready when Tip is purchased, requires ProFoam Platinum
- Misting capable when tip is purchased
