

SureKill®

Flusher

Purpose

The SureKill Flusher is a high performing dry fog that instantly flushes bed bugs and cockroaches from deep harborage sites for effective control. SureKill Flusher utilizes revolutionary NFDF Spray Technology, releasing a dry fog formula for optimum control. The Flusher combines the high performance of a solvent-based aerosol with the added benefit of non-flammability. Safe for use around ignition sources.

Description

For use in IPM programs, schools, government buildings, military bases, and other public buildings. Kills ants, cockroaches, bedbugs, fleas, flies, spiders, ticks, wasps, and other insects as listed.

Features

- 17 oz. can; 12 per case
- Controls bed bugs and other problem insects on contact
- Non-flammable dry fog technology
- Can be used with ZPro System for professional applications.

Active Ingredients

Pyrethrin.....	0.50%
Piperonyl Butoxide	1.0%
N-Octyl bicycloheptene dicarboximide	1.6%
Other Ingredients	96.9%

Item No.	Description
0101011	17 oz.
