See back for product information

## Command Blocks and Place Packs

- Single-feed, second generation anticoagulant, Bromadiolone active
- Effective indoor and outdoor rodent control
- Place packs allow for no touch baiting
- Kill rats, mice & meadow voles

## Guardian Blocks

- First generation anticoagulant, Diphacinone active
- Ideal for everyday control
- Mold & moisture resistant block
- Kills rats, mice & meadow voles

## Assault Blocks

- Single feed, acute toxicant, Bromethalin active
- Stop feeding action reduces amount of bait consumed
- Dead rodents will appear in 2-3 days
- Highly effective when used in rotation with anticoagulant baits
