Ketch-All®

Multiple Catch Mousetrap

The design and performance of the KETCH-ALL has earned it the title "The World's Best Mousetrap."

The KETCH-ALL has been winning the war against rodents since 1924. It works 24/7/365 for you. By following simple operating procedures, your KETCH-ALL will provide years of proven performance.

The KETCH-ALL has many features and benefits.

- **Multi Catch**- Catches multiple mice in one setting without resetting the trap after each catch.
- **Sure-Set**- Simply wind knob 6 to 8 times and you're set. Very user friendly.
- **Unique Design**- No need for harmful chemicals, baits or poisons. Safe to use around children and pets.
- **Durable galvanized steel housing**- Quality construction with years of preventative pest protection.
- **Sanitary disposal**- Simply slide lid back and dispose of mice. Minimal to no contact with mice.
- **Tested and proven since 1924**- One year warranty for parts and labor when used as directed.

Worldwide Solutions In Pest Control Since 1924™

ACCESSORIES

GLUE TRAP

Holds mice and foreign material such as feces, hairs and potentially airborne particles in place. THIS ALLOWS EASIER, FASTER, MORE SANITARY PEST REMOVAL.

CLEAR VIEW LID FOR BETTER TRAP MONITORING EFFICIENCY.

With clear view lids, you save the time it takes to pull back lids and check for catch, making inspection quicker and more efficient.

SERVICE LABELS

PROVIDE AN EASY WAY TO KEEP VITAL RECORDS ON EACH TRAP. Both service labels may be applied to the top or underside of the KETCH-ALL and STICK-ALL lids. Labels can also be placed on the perimeter surfaces of each trap. Each label may be placed on the inside cross bar of the KETCH-ALL.

CLEAR VIEW END PLATE

INCREASES THE EASE OF MONITORING. To use, remove galvanized end plate and replace with clear view end plate, embossed side out. Make sure the clear view end plate is securely inserted into the bottom of the KETCH-ALL.

PROTECTOR

The protector is a heavy steel guard that protects the KETCH-ALL from crushing by machinery, forklifts or foot traffic.

EASY TO WIND
To set the trap, you simply wind the knob on the trap 6-8 full turns. THE KETCH-ALL® IS NOW PROPERLY SET.

PARALLEL

SIMPLE PLACEMENT
Place the trap 1 1/2" to 2" from and parallel to wall with either entrance hole facing the wall. The KETCH-ALL® may also be placed with either end flush to the wall.

PERPENDICULAR

DISPOSAL
Simply slide back the top lid, pull up the end plate, and dispose of the mice.
