Expertly Designed Labels by VM Products

VM Products has manufactured and marketed innovative products for the professional pest management industry since 2003. We are committed to developing products that save time and money. This business practice continues with VM Custom Print. VM Custom Print provides pest control companies with private labeling products for their bait stations, ILTs, and any other device documentation requirements they need.

Benefits & Features

Customize each label with your company name, logo, address, telephone number & your choice of rodenticides and chemicals

- An array of label and card sizes available on high-quality face stock and card stock known for their consistency and resistance to chemicals, moisture, oils, grease, cracking, shrinking or distortion in size and weather-resistance
- Wall placards available in: matte white print grade vinyl or rugged aluminum foil based material (Both materials are made for outdoor or extreme temperature/chemical environments. Industrial-strength adhesive resists moisture, extreme temperatures and UV light - Easy peel and press application)
- Cards and labels contain 12 months and can be used for 1-5 years of service recording
- Durable and long lasting
- Maintain accurate information for each station and customer accounts
- Labels and cards have ample space to record the date of each treatment or inspection, the type of bait, the active ingredient of bait, EPA number, and signal word
- Create station numbering system with the Sequential Device Numbering Label
- Customized labels make it easy to comply with state requirements and regulations
- Foreign language labels available (translations available for an additional fee)
