EPA Reg. No. 2724-791

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read the label affixed to the container for **ZENIVEX[®] E20** before using.

IMPORTANT

Use of **ZENIVEX[®] E20** according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for **ZENIVEX[®] E20**.

Applications over crops or to areas favoring drift over crops:

ZENIVEX[®] E20 may be applied over crops (including row, tree, fruit, citrus, pasture and other

areas where agricultural enterprises take place) or to areas where drift over cropland could occur. **ZENIVEX[®] E20** can be applied to these areas by either ground or aerial application. Use label rates and follow directions for use as directed on container label. Applications over crops or where drift may occur over crops are limited to 4 applications per month to the same site but no more than two applications within a seven day interval. Do not apply more than 0.028 pounds of active ingredient per month to the same site within a month. Do not spray more than 0.18 lbs etofenprox per acre per site per year. Do not make more than 25 applications per site per year.

For information or in case of emergency, contact 1-800-248-7763. www.zenivex.com

This supplemental label expires on **May 18, 2015** and must not be used or distributed after this date.
