

PEEL & STICK FILTER

Show customers and employees you care about their safety.

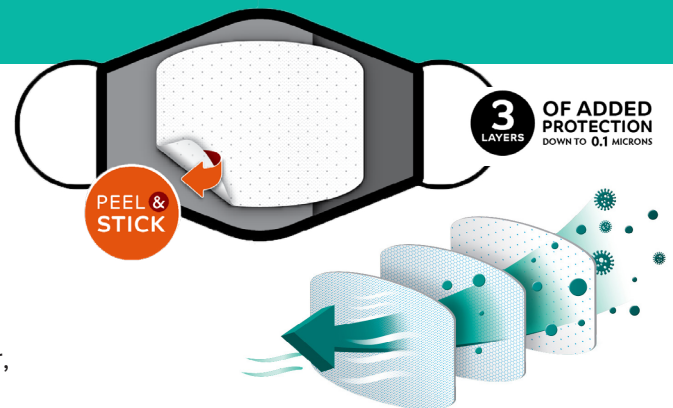

As a business owner, you want to protect your customers and employees from virus transmission. The highest level of protection is now easy and affordable.

Introducing the Peel & Stick Filter

The Peel & Stick filter fits inside almost any mask providing protection for 99% of airborne particulates down to 0.1 microns.

- Let customers know that, by using the Peel & Stick filter, you're giving them top-of-the-line protection.
- Stand out from competitors who rely on cloth or surgical masks alone.
- Stay on budget. Protect your entire company for less than \$2 per employee per week.
- Ensure the health and safety of your workforce.
- You don't have to sacrifice comfort for safety. The filters give the same breathability of any face covering while dramatically increasing effectiveness.

These filters are made using **NEW** technology and have been verified by Nelson Labs, the leader global provider of laboratory testing. They're easy to use, breathable and lightweight.
