

Odor Remover From Earthcare Products

Granules

EARTH CARE'S Odor Remover "**GRANULES**" are made from a natural earth mineral that is mined and processed to attract and remove odor and smoke molecules. It is easy to use and contains no chemicals, toxins or fragrances. *EARTH CARE* does not mask odors, it removes odors versus masking them and is very simple to use and cost effective.

ACTION TO TAKE FOR ALL ODOR PROBLEMS

- ? Sprinkle granules out on any surface to remove odors from chemical spills, skunk spray, urine/feces odors or any other odors or as an adsorbent to soak up liquids.
- ? When using on carpet or any surface, leave down 24 hours before vacuuming or sweeping.
- ? When used outdoors on the ground, it can be blended into the ground after it has had a chance to adsorb odors. Odors usually are adsorbed within 1-24 hours.

COMMON USES FOR ADSORBING GRANULES

SKUNK SPRAY: Sprinkle *EARTH CARE'S* odor adsorbing granules on the ground or inside on carpet or any surface to soak up odor from spray. Leave granules in place for 24 hours before sweeping or vacuuming. Granules can be blended into the soil as it is an excellent soil amendment.

URINE/FECES ODORS: Remove odor of urine and feces from areas that have been infested with rodents or from pets, or other animals. Works on carpet even when urine odor has been soaked into it for a long time. Works in animal cages when sprinkled on the bottom and is safe for pets. Follow procedure listed above.

CAT LITTER BOXES: Sprinkle granules on top of litter, as needed. Works best when you add granules each time litter is changed. Also, *EARTH CARE'S* Odor Remover "Bag" product works in adsorbing odors from cat litter boxes.

MATTRESSES: Sprinkle granules on mattresses that people have urinated or vomited on and odors will be adsorbed. Works best when granules are left on for 24 hours.

OIL SPILLS: Pour granules over wet oil spots and sweep up after oil is adsorbed.

ASH TRAYS: Pour granules in ash trays to adsorb the smell of cigarette smoke.

KENNELS: Works great in removing odors associated with kennels such as dog, urine and feces odors. After dog urinates on dog run, sprinkle granules on kennel flooring and odor is adsorbed. Safe when left in place.

TRASH BINS: Sprinkle one cup on top of trash in bin daily or as needed to remove odors.

"BAG" or "POUCH"

EARTH CARE's Odor Remover "*BAG*" and "*Pouch*" uses a natural earth mineral that is mined and processed to attract and remove smoke and odor molecules. It is bio-degradable, non-flammable, non-toxic, safe around children, pets, and mother earth. It is easy to use, lasts an average of 3-4 months, and contains no chemicals, toxins or fragrances. Earth Care does not mask odors, it removes them. *EARTH CARE* can take from one hour to several days, but it is more effective since it removes odors versus masking them and is very simple to use and cost effective!

BAG: Used to remove dead animal and related urine/feces odors. Also effective in removing odors from cat litter boxes, (along with granules), skunk spray, cigarette smoke, fire place smoke odor, nursing homes, refrigeration units, RV's, gyms, locker rooms, photo shops, veterinary offices, and restrooms.

POUCH: Ideal in cars, shoes, closets, lockers, gym bags, refrigerators, and small pet areas.

ACTION TO TAKE FOR ALL ODOR PROBLEMS

- ? Remove shrink-wrap from bag.
- ? Place bag in area odor is strongest.
- ? Best to limit coverage of one bag to a single room up to 2400 cubic feet maximum.
- ? Use the pouch for smaller or enclosed areas like gym bags or car interiors, odors are usually adsorbed within 1 hour to 24 hours.
- ? *BAG* lasts an average of 3-4 months.

COMMON USES FOR ODOR REMOVER BAG

DEAD ANIMAL AND RELATED URINE/FECES ODORS

To remove odor from dead animal carcasses and remaining urine/feces odors take the following steps: Note: It is not necessary to remove dead carcass to remove the odor.

- ? Place a bag in the room, if animal, (i.e. dead rodent, cat, etc.), is in a wall.
- ? If dead animal is in attic or crawl space place one bag in that area as well.
- ? Bag will outlast odor from carcass and handle any urine or feces odors that may exist from any previously infested areas.

CAT LITTER BOXES

- ? Place one bag in area near litter box and use Earth Care's odor adsorbing granules, (Canister or Bucket).

SKUNK SPRAY

- ? Place one bag in area and use Earth Care's odor adsorbing granules.

HOTELS, HOMES, NURSING HOMES, RV'S, REFRIGERATION UNITS, GYMS, BOATS, LOCKER ROOMS, PHOTO SHOPS, KITCHENS, VETERINARY OFFICES AND RESTROOMS: *(To remove odors of urine, ammonia, chemicals, mildew, food and cooking).*

- ? Hang a bag in the area odor is strongest.

SMOKE ODOR FROM CIGARETTES, FIREPLACE OR FIRES

? Hang a Bag in the area odor is strongest.
