

Orkin Actizyme™ is a specialized blend of liquid cultures, surfactants, and enzymes specifically selected for the degradation of waste buildup.

DIRECTIONS FOR FLOOR MAINTENANCE

1. Attach pump to top of container
2. Add up to 5 gallons of water into mop bucket
3. Add 1 ounce of Orkin Actizyme™ per gallon of water by depressing top of pump one time per ounce
4. If using wall mounted dispenser press and hold the green button on the front of the unit until the mop bucket is full
5. Insert mop head into bucket and stir to mix Orkin Actizyme™ and water evenly
6. Once per day apply mixture with mop to all floor surface areas including floor drains and under equipment but do not rinse
7. Discard used mop water after application into main floor drain

DIRECTIONS FOR FOAMING ON NON-FOOD CONTACT SURFACES & EQUIPMENT

1. Dilute 12 oz of Orkin Actizyme™ in one quart of water (or in general, 2 parts of Orkin Actizyme™ to 5 parts water) and add the appropriate amount of foaming agent for the final volume
2. Apply product with a manual or electric foamer into drain lines and to outer housing of all non-food contact surfaces
3. Let material dry on all applied surfaces
4. Re-apply material every 5-7 days until problems subside
5. Re-apply material once or twice per month to prevent build-up of organic compounds

CAUTION

- May cause irritation to eyes and sensitive skin; avoid contact with eyes; contains viable bacterial spores, surfactants and natural essential oils
- Keep out of reach of children
- Do not mix with bleach, ammonia, or other disinfectants
- Do not mix with water exceeding 120° F
- Do not inhale

ORKIN ACTIZYME™ CONCENTRATE

Net Contents: 1 US GALLON

BENEFITS

- Reduces organic compound build-up in: floor drains, grout, non-slip flooring, hard to reach areas, under or around heavy equipment, and non-food contact surface restaurant equipment
- Reduces foul odors from standing water

APPLICATIONS

- Floor Service Areas
- Floor Drains
- Trash Receptacles
- Bar Areas
- Non-food contact surface restaurant equipment and housing

FEATURES

- Breaks down a wide range of organic compounds
- Cleans floor service areas
- Cleans non-food contact surface restaurant equipment and housing
- Control odors
- Contains surfactants and enzymes to help liquefy unsanitary organic compound build-up

FIRST AID

Eyes: Flush with water for 15 minutes

Skin: Wash with soap and water, remove contaminated clothing

If Swallowed: Give 2 glasses of water to dilute product. Do not induce vomiting; seek medical attention
