

KAGE-ALL®

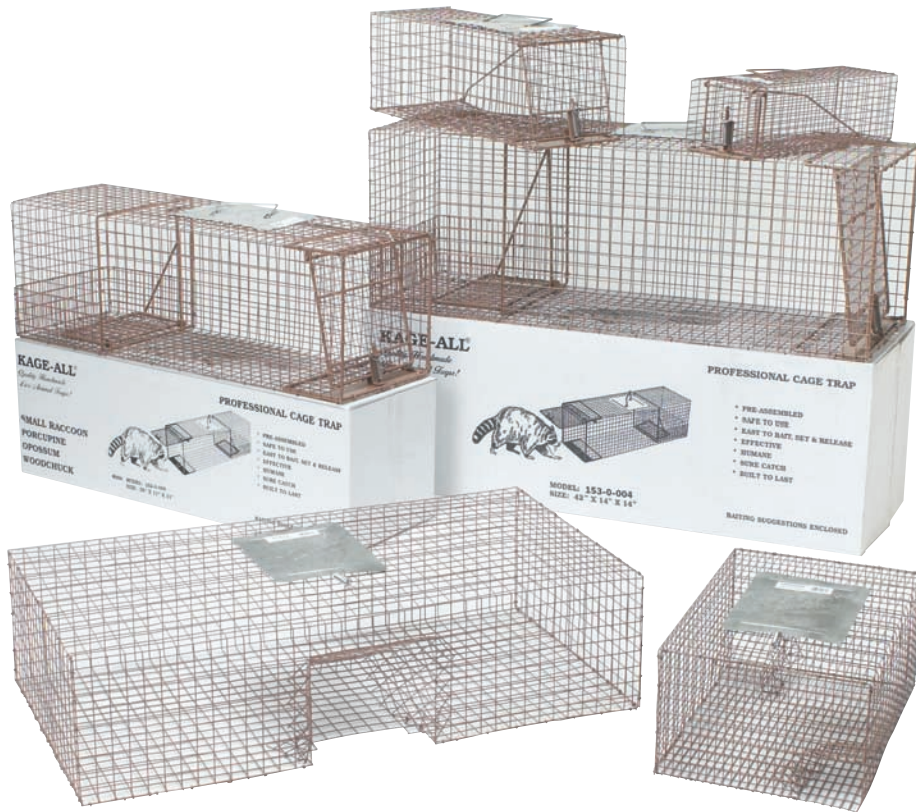

LIVE CAGE TRAPS

Quality Handmade Live Animal/Bird Traps

KAGE-ALL live animal traps are the safe and humane way to catch and keep animals. KAGE-ALL traps are custom designed to trap everything from sparrows to raccoons. Selected styles are made of galvanized 14 gauge wire and powder coated steel heavy-gauge construction for years of use.

Innovative features of the heavy-duty animal traps include: gravity action door with bayonet spring loaded latch; handle with guard for easy transport; protected bait area; large trip treadle grate; ground guard to keep latch and door free from debris; steel door stop to keep trap locked until operator releases; and protected finish to reduce reflections and light flashes.

Reusable for years of pest control, and comes fully assembled.

All "Kage-All's" are almond colored

Worldwide Solutions In Pest Control Since 1924™

FEATURE	ADVANTAGE	BENEFIT
Galvanized 14 gauge wire Powder coated for longer life	Protects finish. Reduces reflections and light flashes.	Durable, heavy-duty construction for years of use.
Protected bait area	Keeps bait secure from outside access by animals.	Attracts animals to desired location in trap.
Protected working parts	Parts located inside trap prevent premature tripping.	Eliminates need for resetting trap.
Large trip treadle grate	Insures positive catch.	Located in rear of trap. Animal cannot back out before door closes.
Ground guard	Protects the door and latch from grass, sticks, rocks and other debris.	Trap entry is not obstructed and catch latch is not restricted.
Bayonet spring loaded door latch	Trap door stays in permanently locked position until operator releases.	Escape by animal is almost impossible.
Handle with hand guard	Hand guard provides protection from trapped animal. Handle allows easy transport.	Safe, simple and convenient design for transporting trapped animals.

KAGE-ALL® LIVE ANIMAL TRAPS

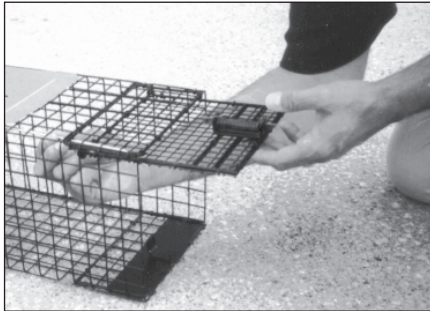

READY TO USE
KAGE-ALL traps come fully assembled.

CONSTRUCTION
KAGE-ALL traps are made of galvanized 14 gauge wire and powder coated steel heavy-gauge construction. The KAGE-ALL is built to last for years of use. Durable and safe, it's the humane way to trap live animals. Nothing Katches and Keeps Kritters Better Than KAGE-ALL.

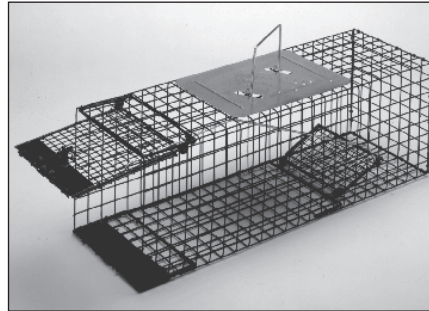

VARIOUS SIZES
KAGE-ALL traps are custom designed to trap sparrows to squirrels to raccoons. KAGE-ALL traps come in a variety of sizes to fit your specific need.

MULTI-LINGUAL PACKAGING
For customer appeal and convenience

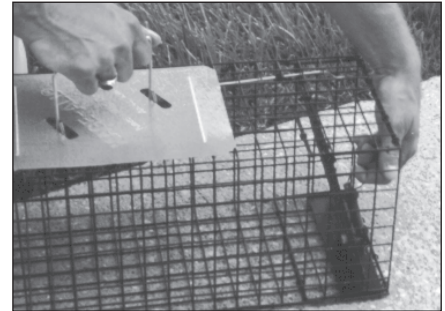

EASY TO SET

Simply lift ring on bayonet latch and open door. Move set rod forward so that it supports the door cross bar member and holds the door open.

EASY TO BAIT

Place bait at the extreme end of trap opposite the entry door.

EASY TO RELEASE

Place trap door facing away from you. Lift ring on bayonet latch or to be safe, tie a string on the ring and slowly open trap door.
