

DOMINANT™

Irresistible liquid ant bait.

KILLS IT ALL — QUEEN AND COLONY

Ants flock to DominAnt's super-sweet attractant rapidly. So when sweet-eating ants find a food source in your customers' homes, simply apply DominAnt in a liquid bait station near the trailing ants and watch as the ants swarm the station. Because ants are social insects, they will bring the bait back to their colony where it is shared and kills the colony — including the queen. DominAnt is available in gallon and pint containers as well as .47 fluid ounce bait stations.

**NOT AVAILABLE
TO CONSUMERS
IN RETAIL
STORES.**

Use DominAnt to control annoying sweet-eating ants. Ants carry it back to the nest to control the entire colony.

- Rapidly attracts then kills and controls common household ants and their colonies.
 - Listed ants include acrobat ants, Argentine ants, big-headed ants, cornfield ants, crazy ants, ghost ants, little black ants, odorous house ants, pavement ants, white-footed ants and other sweet-eating ants (except pharaoh, carpenter, fire and harvester ants).
- Gallons and pints are dilutable to 1% and 2% active ingredient to control very large or multi-queen colonies.
- Prefilled bait stations feature a unique snap-to-open design that eliminates the need to cut them open with a pair of scissors or a knife.
- Easy to use with no unpleasant odor.
- For both interior and exterior use.
