Ultra-Pure Oil Benefits

- Ultra-Pure means better pest control and a lower potential for phytotoxicity
- 99% unsulfonated residue means less chance of phytotoxicity than ever before
- Broad spectrum control of insects, mites and fungus
- Controls adult, larval and egg stages of soft bodied insects and mites
- Virtually no odor
- No post harvest restrictions
- No known resistance
- Effective when used alone or tank mixed (See label for details and limitations.)

ULTRA-PURE™ OIL

GOOD

VS

EVIL

To make sure you win the battle,
get Pure.

Ultra-Pure™

Prescription Treatment® brand Ultra-Pure Oil is lethal to aphids, mites, whiteflies and other evils, but because it is 99% Pure it is kinder to your crops.

Other leading spray oils contain up to 8% SR (sulfonated residue) which is the leading cause of toxicity in spray oils. Ultra-Pure Oil equals Increased Production...that's Pure profit and Pure piece of mind.
