

Eliminate ugly
wood stains with
MOLD-CLEAN®

Clean & Condition New or Old Wood

Mold-Clean is a wood cleaner and surface conditioner that removes existing stains on wood and also cleans and brightens weathered wood. It can be used on both new construction and remedial accounts. Mold-Clean is the perfect cleaner to use for removing stains prior to a Bora-Care® or Bora-Care with Mold-Care® application.

- Removes stains from wood.
- Clean and brightens weathered wood.
- Ready-to-use & pleasantly scented.
- Use on new construction, remedial jobs or on raw lumber.
- Contains special wetting agents to ensure deep penetration into wood pores for thorough stain removal.
- Minimizes or eliminates scrubbing.
- Can be offered as a cleaning service to builders.
- Perfect for water damage on all building materials.
- Available for use by homeowners, contractors and professional pest management companies.

Wood treated with Mold-Clean on right half was sprayed and wiped clean after only one hour.
