

WEB OUT[®]

Kills spiders & insects.

PREVENTS WEB FORMATION.

Web Out, part of our Nature's Element[®] line of EPA 25(b) exempt products, kills spiders, prevents spider webs on any surface that may support spider web development and breaks down webs for easier cleaning.

This product can also be used as a contact pesticide to kill ants, crickets, mosquitoes, cockroaches, perimeter pest insects and other general pests. Apply it as a surface application to kill and prevent surface fungus such as mildew.

Web Out tackles your spider problems – web and all. It kills spiders and prevents new web construction, plus it breaks down existing webs for easy cleaning.

- Minimum risk EPA 25(b) exempt product and is 100% natural, biodegradable, non-toxic, non-corrosive and non-flammable.
- All-natural ingredients include essential oils & vinegar.
- Low toxicity – can be applied around people and pets.
- Kills spiders, insects and surface fungi on contact.
- Repels spiders & insects and prevents surface fungi growth.
- Prevents new web construction and breaks down existing web structure for easy cleaning.
- Use in and around homes, offices, warehouses, buildings, schools, sheds, marinas, docks and boats, including outdoors and indoors around windows, eaves, soffit areas, playground equipment, garages, basements and storage areas.
- Lasts 2-4 months indoors and 1-3 months outdoors as a web preventer.
