

# RE-STORE PLUS (3-0-2)

FOR FAIRWAYS With 10% HUMIC ACID And L- AMINO ACIDS

- REJUVENATES SOIL STRUCTURE
- ORGANIC MATTER BOOST TO POOR SOILS
- QUICK HEALTHY, GREEN UP

<b>GUARANTEED ANALYSIS:</b>	F106
Total Nitrogen (N) .....	3%
3% Urea Nitrogen	
Soluble Potash (K <sub>2</sub> O) .....	2%
Iron (Fe) .....	3%
3% Chelated Iron (Fe)	
Manganese (Mn) .....	1%
1% Chelated Manganese (Mn)	

**Derived From:** Urea, Citric Acid, Potassium Humate (derived from Leonardite), Potassium Carbonate, Iron EDTA, Manganese EDTA, Chelating Agent EDTA, Protein Hydrolysate, Yucca schidigera, Saccharides, Maltose, Dextrin.

Weight per gallon ..... 9.5 lbs.  
Weight per liter ..... 1.14 Kg

**ALSO CONTAINS NON-PLANT FOOD INGREDIENTS**

- 10% .....Humic Acid (derived from Leonardite)
- 5% .....L-Amino Acids
- 5% .....Hydrolyzed Protein Hydrolysate (from Soy)
- 0.1% .....Yucca schidigera Extract

**BENEFICIAL BACTERIA:**

Yeast (*S. cerevisiae*) ..... 6,000 CFU\* per ml  
\*Colony Forming Units  
pH @ 20 deg. C ..... 6.85

**PRODUCT DESCRIPTION:**

Re-Store Plus is an ALL-IN-ONE Fairway soil liquid solution. Apply monthly to both cool and warm season grasses to improve soil quality with overnight healthy green up. This proprietary formula contains 10% humic acid derived from Leonardite, the most active and richest source of humate. Use on areas where there is compaction and poor CEC. With 10% active Humic acid, Re-Store will demineralize soils with high phosphorus content, releasing bound up nutrients that are not available for plant uptake. Re-Store Plus contains a high percentage of organic compounds along with sugars, enzymes and *S.cerevisiae*, a beneficial yeast and natural inhabitant of the soil, associated with other beneficial microorganisms and microbial activity. Re-Store will neutralize salts thus reducing turf stress. Its proper ratio of Fe / Mn will improve color of existing turf.

**APPLICATION RECOMMENDATIONS:**

Re-Store Plus is 100% soluble for spray applications, foliar feeding, soil injection or for use in irrigation systems. It can be mixed with other technical materials and sprayed in one application, saving labor. Use on all types of turf grasses.

- REDUCES COMPACTION
- FOOD SOURCE FOR MICROBIAL ACTIVITY
- RELEASES BOUND UP NUTRIENTS IN SOIL

Fairway Applications		
Application	Rate Per 1,000 ft <sup>2</sup> (100 m <sup>2</sup> )	Frequency / Notes
All Types of Cool and Warm Season Grasses	3 - 6 oz (90 - 180 ml)	Apply monthly

Sod Production		
Application	Rate Per 1,000 ft <sup>2</sup> (100 m <sup>2</sup> )	Frequency / Notes
Normal Maintenance	3 oz (95 ml)	Apply Monthly
Sandy Soil Conditions	6 oz (190 ml)	Apply Monthly
Clay Soil Conditions	6 oz (190 ml)	Apply Monthly
Newly Seeded, Sprigs & Plugs, Ribbons	3 oz (95 ml)	Apply at time of planting or harvesting

**SUGGESTED USES:**

**Fairways:** Ideal for use on fairways to reduce salt build-up and compaction while improving color

**Sod Production:** Continued harvesting of sod depletes organic matter content. Re-Store Plus will enhance soil quality and improve CEC of soils to better retain nutrients. It will reduce soil compaction from heavy equipment. It contains yeast that will help stimulate microbes to decompose thatch.

**Hydro-Seeding:** Use Re-Store Plus along with seed and mulches to hasten seed germination and establish faster rooting on difficult soils. Mix 6 - 8 oz per 100 gallons of slurry.

**STORAGE AND HANDLING:**

Re-Store Plus should be stored in normal warehouse conditions. It should not be stored in direct sunlight or temperatures above 95°F for long periods of time. Replace cap after using. Never store exposed to the air. Since 10% Humic Acid contains a high percentage of solids it is important to mix or shake well before use.

Re-Store Plus is made from natural organic products and is therefore safe to handle and use. Compatible with all fertilizers and technical products.

FIRST AID	
<b>IF SWALLOWED:</b>	Call a poison center or doctor if you feel unwell: Rinse mouth.
<b>IF IN EYES:</b>	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.
<b>IF ON SKIN:</b>	Remove contaminated clothing and wash skin with plenty of soap and water. If skin irritation occurs, get medical advice/attention.
<b>IF INHALED:</b>	Call a poison center or doctor if you feel unwell.
You may also contact 1-800-992-5994 day or night for emergency treatment information. If medical advice is needed, have product container or label at hand (P101), Keep out of reach of children (P102), Read label before use (P103).	
<b>STORAGE:</b> Keep container tightly closed. May be stored in unheated area, but keep from freezing. Store in areas inaccessible to children and pets.	
<b>DISPOSAL:</b> Dispose of contents/container in accordance with local/regional/national/international regulations. Do not reuse container.	

The following precautionary statements and pictograms are based on The Globally Harmonized System of Classifications and Labeling of Chemicals (GHS) and are mandated by the Occupational Safety and Health Administration (OSHA)

**WARNING**

H316 Causes Mild Skin Irritation  
H320 Causes Eye Irritation

**Condition of Sale and Warranty:** Growth Products, Ltd. warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Handling, storage and use of the product by Buyer or User are beyond the control of Growth Products, Ltd. and Seller. Risks such as crop injury or other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pests, drift to other crops or property, or failure to follow label directions will be assumed by Buyer or User. **IN NO CASE WILL GROWTH PRODUCTS, LTD. OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT.**
