

## GLOVES

### PVC Chemical Gloves

PVC gloves provide good resistance to anhydrous ammonia, pesticides and acids. This tough, liquid-proof PVC glove is double-dipped for durability. Non-slip, rough grip finish. Lined with 100% cotton jersey lining. Actifresh® treatment reduces odors and eliminates germs, mold and mildew. 14" cuff length. Complies with EN 388:1994 & EN 374-1:1994. Size: Large only.

HW2441PR

### Latex Rubber Grip Gloves

Formulated from natural latex rubber with 14" cuffs for added protection. Heavy-duty grip finish ideal for handling wet hoses. Unlined for easy cleanup and freshness. Abrasion and cut resistant. Rolled cuff. Size: Large only.

HW2480PR

### Latex Disposable Gloves

These single-use, low-powder natural latex gloves are ideal for a wide variety of industrial applications, and more durable than vinyl gloves. Dexterity and comfort combined. Rolled cuffs. 100 ambidextrous gloves per dispenser box. Sizes: S, M, L and XL.

HW0500-S, M, L or XL

Best

### N-DEX® Original Nitrile Gloves

Lightly powdered, smooth finish. 4 Mil 100% Nitrile gloves with low modulus formulation offers tear & chemical resistance and extended wearing comfort. Rolled cuff, 9.5" length. 100 gloves per dispenser box. Made in USA. Sizes: S, M, L, XL and 2XL.

HW0720 - S, M, L, XL, 2XL

Best

### Nitrile Economy Grade Gloves

Powder free, lightly pebbled grip finish. Ideal for sprayer maintenance, equipment cleaning and applications where a waterproof glove is required. These 4 Mil 100% Nitrile gloves provide good chemical and tear resistance. Rolled cuff, 9.5" length. 100 gloves per dispenser box. Sizes: L and XL.

HW1450BX - L, XL or 2XL

### Vinyl Disposable Gloves

Industrial grade, non-allergenic, barrier protection with exceptional fit, dexterity and durability. Powder-free, ambidextrous, 100 gloves per dispenser box. 5 Mil thickness. Sizes: S, M, L and XL.

HW0400 - S, M, L or XL

Best

### Nitri-Solve® Heavy Duty Nitrile Gloves

These 100% Nitrile gloves feature 19" elbow length cuffs and 22 mil thickness for great protection during chemical and pesticide mixing, equipment loading, application and cleaning. Non-slip grip, even in wet conditions. Sizes: L, XL and 2XL.

HW2300 - L, XL, 2XL

Best

### Nitri-Solve® Nitrile Gloves

100% Nitrile, 15 mil thickness and a 13" cuff for protection against most pesticides, acids, solvents and caustic chemicals. Unlined for easy cleaning. Resistant to abrasion, puncture, cuts and snags. Non-slip grip finish. Sizes: S, M, L, XL and 2XL.

HW2400 - S, M, L, XL,

2XL

Best

### Nitri-Solve® Nitrile Flocked Gloves

Flock-lined for additional comfort, these 15 mil, 13" cuff gloves have the same chemical, abrasion and cut resistance as the unlined version. Lining absorbs perspiration making them cooler to wear and easier to put on and remove. Non-slip grip finish. Sizes: S, M, L, XL and 2XL.

HW2375 - S, M, L, XL, 2XL

2XL
