

introduces the **NEWEST** addition to the RVG family... the **DRYER VENTGUARD™**

In use with louver vent.

In use with hood vent.

In use with louvered hood.

- Easy to install over most 3" or 4" dryer or bathroom exhaust vents.
- This unit is an effective barrier to small animals, such as birds, squirrels and other rodents. Keeps animals from nesting or entering your home thru vents.
- Made entirely of heavy-duty stainless steel mesh that will not rust or corrode.
- Animals **CANNOT** chew through the strong, durable stainless steel mesh.
- White powder coat finish is durable and blends into most exterior surfaces.
