ENDURANCE™ 30-0-0

Endurance 30-0-0 is a slow release nitrogen solution that is safe, reliable, and ideal for turf. **Endurance 30-0-0** provides residual nitrogen release, low volatilization, and reduced leaching. **Endurance 30-0-0** will not cause phytotoxicity and it is non-clogging and non-abrasive.

APPLICATION RECOMMENDATIONS

Endurance 30-0-0 is a true liquid solution that is easily applied with standard spray equipment. It is recommended for all types of grasses including: Bermuda, Bent and other cool season grasses, and St. Augustine and other warm season grasses. Use higher rates in areas with prolonged growing seasons, areas of high foot traffic, or “grow-in” situations.

TURF APPLICATION

Gallons of **ENDURANCE 30-0-0** in 100 gallons of Tank Mix

Nitrogen Rate per 1,000 Ft²

	¼ lb. N	½ lb.N	¾lb.N
5 Gallons per 1,000 ft ²	1.5	3	5
4 Gallons per 1,000 ft ²	2	4	6
3 Gallons per 1,000 ft ²	3	5.5	8
2 Gallons per 1,000 ft ²	4	8	12

GUARANTEED ANALYSIS:

Total Nitrogen (N).....30.0%
4.5% Urea Nitrogen

25.5% Slowly Available Water Soluble Nitrogen*
 Derived From: Urea and Methylene Urea
 *85% slowly available Nitrogen from Methylene Urea.

BENEFITS OF USING ENDURANCE 30-0-0

- 85% slow release nitrogen
- Liquid formulation
- Non-phytotoxic
- No chlorides or sodium
- Broad compatibility
