SNAKE SCRAM PROFESSIONAL™

### EASY APPLICATION INSTRUCTIONS

**APPLY USING A ROTARY SPREADER - RECOMMENDED SPREADER SETTING IS 60%.**

**SNAKE SCRAM PROFESSIONAL™** is an excellent natural repellent for getting rid of snakes, including many poisonous species, which prefer to locate in stone piles, wood piles, around foundations, in gardens, flower beds & landscaping, and near pools. Avoid contact with or handling of snakes if you are unfamiliar with snake species and their proper handling. While most snakes are harmless, many varieties can strike and bite if surprised or disturbed by human activity. Also, several species in the United State are poisonous and can be harmful if they bite people or pets.

**BEFORE APPLYING** turn bag upside down and shake the closed bag vigorously.

**APPLY** by shaking granules in and around the area to be protected. The product should repel snakes immediately. If necessary, reapply as needed until snake activity ceases and no further snakes are observed.

**REAPPLY** Once repelling action has been established, reapply every two weeks. Reapply after heavy rains.

**ALL SEASON USE!** May be used in any climate or temperature.

**DO NOT USE** on food or feed crops. Do not apply directly to water.

**FOR OUTDOOR USE ONLY.**

**SCAN HERE FOR DETAILED INSTRUCTIONS**

**PRECAUTIONARY STATEMENTS:** Wash skin after use. Avoid contact with eyes or cuts. If in eyes, flush with water for 15-20 minutes. Call Poison Center or doctor for treatment. **STORAGE:** Store in original sealed container away from direct sunlight or excessive heat. Do not contaminate water by storage or disposal. **DISPOSAL:** Do not reuse empty container. Dispose of properly. Buyer assumes all responsibility for safety & use not in accordance with directions. EPIC represents that this product qualifies for exemption from EPA registration under Section 25(b) of FIFRA and has not been registered by the EPA. **PS5608-20D**

**CAUTION: KEEP OUT OF REACH OF CHILDREN**
