

Mosquito Eliminator™

#650110

Paraclipse®

This decorative system is designed for installation outdoors, combining a proprietary Ultraviolet black-light technology with special attractants to lure mosquitoes. Used free-standing or wall mounted, the Mosquito Eliminator™ is a powerful, effective, and environmentally safe way to control disease-carrying mosquitoes. The patented auto-advance cartridge lasts 30 days and can capture thousands of mosquitoes. The Mosquito Eliminator™ is also effective at attracting and capturing midges and other flying insects. Disposal of the cartridge is safe and sanitary. The Mosquito Eliminator™ ends the noise and unsanitary scattering of insect parts from bug zappers and uses no insecticides or pesticides

Features:

- * Wall mounted or free standing.
- * Proprietary black light technology combined with special attractants to capture mosquitoes and other flying insects.
- * Attracts mosquitoes and other flying insects.
- * Patented auto-advancing capture cartridge trapping system that offers fresh glue and attractants for 30 days.
- * Outdoor or indoor unit.
- * No pesticides or insecticides.
- * Fresh sticky surface and attractants released continuously.
- * Non-toxic.
- * It is environmentally friendly and meets applicable health guidelines.
- * FDA and USDA Compliant.
