

SAFETY EYEWEAR

Yukon® Safety Eyewear

The Yukon® features a contemporary wrap-around style. It provides increased angular coverage and improved peripheral vision. Molded-in brow guard and vented side shields give additional protection. Available in both hard-coated for scratch resistance, uncoated for extra cost savings and XL sizes for over the glass.

FE5000EA – C Clear

Eyewear Cleaning Wipes

Keep your safety and prescription glasses, faceshields and computer screens clean with these oversized (5"x8"), individually packed, pre-moistened wipes. The anti-fog, anti-static, silicone-free formula cuts through sweat, grease, dirt and grime. Excellent on glass or polycarbonate lenses. Dispenser box can be wall mounted.

FE0001BX – Box of 100 Wipes

Safety Goggles - Direct Vent

Use this great quality goggle for protection against dust and flying debris in landscaping, agricultural, harvest and general maintenance applications. Made from soft, green PVC with a clear polycarbonate lens and elastic headband. Fits conveniently over most prescription eyewear. Meets ANSI Z87.1 specifications.

FE1903EA

Standard Goggles

Chemical Splash - Indirect Vent

Our goggles provide a wide, unobstructed field of vision and can be worn with most half-mask respirators. The transparent protective PVC body permits a comfortable fit over prescription eyewear while protecting against impact. Available in vented, perforated, and ventless styles. Rubber Strap Clear AF Lens Goggle straps contain No Latex.

FE1900EA

Standard Goggles Ventless

Our goggles provide a wide, unobstructed field of vision and can be worn with most half-mask respirators. The transparent protective PVC body permits a comfortable fit over prescription eyewear while protecting against impact. Available in vented, perforated, and ventless styles. Rubber Strap, Clear Anti-Fog Lens Goggle straps contain No Latex.

FE2020EA

Face Shield – Positive Lock Headgear

This lightweight face shield features an 8"x12"x 0.04" PETG plastic window. Positive Lock headgear has two snap-in straps that adjust independently to ensure a tight fit. Yellow, high-impact plastic single crown. Compliance: EPA 40 CFR 170 for chemical splash eye protection. Meets ANSI Z87.1-1989 and CAN/CSA-Z94.3-92.

FE2000EA

Eyewash Belt Pack

Keep an easy access to eyewash for emergencies – until you can get to an eyewash station! Ideal for backpack sprayer operators and chemical handlers when immediate access to eyewash is **crucial**. 16 oz. bottle of sterile, buffered, isotonic eyewash solution is safety sealed and dated. Vinyl-coated nylon holster has a Velcro closure and loop for adjustable belt (included). Belt has attached elastic band for carrying gloves, goggles or other personal protective equipment alongside. Compliance: EPA 40 CFR 170. Meets EPA's "Immediately Accessible" requirement for pesticide handlers.

FE2030EA

Portable Eyewash System

This portable eyewash provides a steady water flow and first aid relief virtually anywhere. Easier to transport with its 9.0 gallon capacity, it delivers a full 15 minutes of flushing time with 0.4 gallons/minute and meets full compliance to ANSI Z358.1 2004. New design allows entire contents to be utilized for 15 minute flushing requirement, allowing the unit to be made smaller and more portable. Constructed of FDA high-density polyethylene material. Wide cap for easy filling, cleaning and inspection. Eyewash is activated by pulling down lever, which protects outlet nozzles when not in use. Hangs on bracket that easily bolts to a wall or on vehicle (bracket included). Made in USA. Eye solution sold separately.
